REC Purchase Confirmation REC-2024-017

Executed November 18, 2024 between Bay State Competitive Supply LLC (Buyer) and GreenArc Certificate Markets LLC (Seller).

SECTION 1 — PRODUCT

Product: Massachusetts RPS Class I Renewable Energy Certificates. Generation vintage: calendar year 2024. Delivery is complete only for certificates held in Buyer GIS account BSC-MA-4421.

SECTION 2 — QUANTITY AND PRICE

Contract quantity: 1,000 RECs, each representing one MWh. Unit price: USD 18.00 per accepted REC. Serial identity, generating period, and registry ownership must be supportable for each delivered certificate.

Delivery and Acceptance

SECTION 3 — DELIVERY

Seller shall provide a final delivery statement identifying lot, NEPOOL GIS unit ID, generation period, inclusive serial endpoints, and certificate quantity.

SECTION 4 — ACCEPTANCE

Buyer may reject certificates that fail the product definition, are not held in the Buyer GIS account, or duplicate a serial already accepted.

Invoice intake and AP booking do not constitute certificate acceptance.

Invoice and Dispute Mechanics

SECTION 5 — INVOICE

Seller may invoice tendered quantity at the unit price, subject to acceptance and supported adjustments.

SECTION 6 — DISPUTE NOTICE

Buyer shall send a written dispute no later than 17:00 Eastern on the fifth Business Day after final tender receipt. The first counted Business Day is the next Business Day after receipt. Saturdays and Sundays are excluded. Final tender receipt channel: settlement intake record.

SECTION 7 — DOCUMENT ORDER

A later fully executed amendment controls over this confirmation only for the matter expressly amended.

SECTION 8 — GOVERNING EVIDENCE

Applicable Massachusetts program authority governs Class I eligibility. Registry lifecycle evidence governs custody. Seller labels and invoices are claims subject to reconciliation.

Buyer GIS account: BSC-MA-4421. Seller code: GAM-77.
